

STRIKES VOGEL WITH HAND SPIKE

**John W. Ryan, Who Refuses to Quit
as Road Supervisor, Will Not
Give up Grader.**

DEFEATED BY 6 VOTES DEC. 16

**Starts Trouble When Road Superin-
tendent and Trustee go After
Scraper Today.**

An encounter on the John W. Ryan farm in Richland township this morning is a direct outgrowth of a disputed election of road supervisor in road district number one of the township December 16, last year.

John W. Ryan was defeated in the election by Charles O. Vogel by the bare majority of six votes. Vogel was already road superintendent and could not serve both offices, so gave up the one to which he was elected. An appointee of the township trustee qualified, but Ryan contends he is not the road supervisor and continues to attend to the duties of the office.

The road grader which is in the possession of Ryan is the only one in the road district. Vogel wanted to use the grader and sent his son over after it Monday. Ryan refused to let the boy have it, according to Vogel, and this morning Vogel and the township trustee, John W. Anderson, went over to take possession of it.

The township trustee and Vogel went into the barnyard this morning, and were examining the grader to see what repairs it needed when Ryan, according to Vogel, came out shaking his fists and ordered them to get off his premises.

Vogel says he and the trustee said they intended to take the grader and have it repaired as they wished to use it. Ryan was infuriated at this, according to Vogel, and struck at him with a hand spike. Vogel says that he dodged the blow, but that the spike struck him a glancing blow on the head and knocked his hat off. It did not make a flesh wound.

The trustee and Vogel came to Rushville, and Trustee Anderson instituted proceedings in the circuit court to get possession of the grader. The trustee maintains that Ryan has no right to continue as road supervisor, when he was defeated, and that he should give possession of the grader this morning rather than have trouble with him.

There is a new grader bought for the southern district, but it has not yet arrived. As the one in Ryan's possession is the only one which can be used at present, and it needs repairs, the trustee and Vogel intended to get it and have it fixed. The commissioner in that district told Vogel the county would stand the cost of the repairs.

Ryan came up for re-election last December. There had been some opposition to him, and it developed when Vogel was placed in the field as a "dark horse" and won by six votes. When it was learned Vogel could not be road superintendent and supervisor, too, the trustee appointed George Keesling in his stead, and he qualified to serve. Ryan maintains he should serve until his successor qualifies, and that Keesling is not his duly elected successor.

ELECT NEW OFFICIALS.

At the annual congregational meeting of the United Presbyterian church last night, Robert A. Inpis and Howard T. Barrett were re-elected trustees of the church to serve another year. W. Allen was elected treasurer; T. M. Green, clerk, and Hal Pike, chief usher. Following the meeting a supper was served. Over a hundred attended.

TO BE BOOSTERS MEETING

**First Presbyterian Annual Congrega-
tional Meeting Tomorrow Night.**

The annual congregational meeting of the First Presbyterian church will be held in the church tomorrow night. At this time reports of the secretaries and treasurers of every department of the church will be read. It is to be a boosters meeting primarily. The congregation hopes to boost the work of the church for the coming year even more than it has progressed in the past year. It is earnestly requested by the pastor, the Rev. J. B. Meacham, that every member of the church attend.

LOCAL ORATORS TRY OUT TUESDAY

**Seven Entered in Preliminary Decla-
mation Contest to Decide State
Contest Representative.**

RUSHVILLE WON LAST YEAR

The preliminary declamation contest to decide who will represent the local high school at the State contest to be held in Lafayette, May 10, will be held in the assembly room of the Graham school next Tuesday night. The declamation contest in past years has created considerable interest and this year promises to be no exception.

Seven speakers have entered in the local contest. Rushville has always been a contender in the State contest and last year Miss Frances Frazee won first place. The speakers and their subjects are as follows: George Hogsett, "The New South;" Edith Swallow, "Louis Kossuth;" Elizabeth Gronier, "The Wandering Jew;" John Frazee, "Affairs in Cuba;" Anna Finney, "The New South;" Robert Helms, "Affairs in Cuba;" Pauline Felts, "Gettysburg."

BROTHERS MEET AFTER 16 YEARS

**Ferdinand Floyd, Colored of South
Carolina "Runs Onto" Richard
Here This Morning.**

DID NOT KNOW EACH OTHER

A well dressed young colored man stepped into the Allen Daniels barber shop this morning and inquired for Richard Floyd who is employed there. "I am the man you are looking for," said Mr. Floyd. "Well, I am your brother, Ferdinand Floyd," replied the stranger. The brothers separated sixteen years ago in South Carolina and had not seen each other until they met this morning. Ferdinand left his home in South Carolina several weeks ago, coming to New Albany. There he learned that his brother formerly lived there and had come to this city. Deciding that he would like to see Richard, he left New Albany and came here. The sixteen years separation had marked a decided change in both men and as a result they failed to recognize each other. Early this morning they passed on the street, but did not realize they were brothers.

CARTER WON.

Ed Carter defeated Bert Osborn last night in the pool tournament, 100 to 84. Carter has not been defeated in the present series. There is no game scheduled for tonight.

COUNCIL HOLDS TAME SESSION

**Reported That More Was Done at
"Star Chamber" Affair Than in
Regular Meeting.**

D. A. R. WILL PLANT 150 TREES

**Big Four Ordered to Maintain Flag-
man at First Street Crossing—
Ordinance Still in Force.**

From all reports the city council transacted about as much business in a "star chamber" session after the regular meeting last night, as was done at the regular session. Even at that it would not be very much, as the "main show" was a listless affair and nothing of very great importance was accomplished. It is understood that the chief discussion at the "side show" was the question of supplying electricity to the Clifford and Reynolds factory. It is said that to supply "juice" to the factory means an expenditure of \$1500 to the city. The council was about equally divided as to whether or not it would be a paying proposition. Dr. Parsons was in favor of the city taking the contract as he says the city plant is not operated to make money. No definite action was taken and the "star chamber" affair adjourned about midnight.

The regular meeting opened with a practical demonstration of the new fire extinguishers, recently purchased by the city, by Dr. Parsons. Just to show that the extinguishers are the real thing and are all that has been said of them, Dr. Parsons opened the stove door and "presto-change" the fire was out and the room filled with an awful odor. But even at that the extinguisher is a valuable addition to the fire department.

William Bainbridge was granted permission to construct a cement curb in from his residence in North Julian street. The treasurer's report for the month of March was ordered referred to the finance committee.

Councilman Norris as chairman of the street committee reported that as soon as the weather got right they expected to begin work on repairing the streets. Councilman Kelley suggested that the streets be worked with a road drag. The street commissioner will work a drag on the worst streets in an effort to put them in condition.

The city attorney was instructed to draw up an ordinance compelling the railroads of the city to put in cement approaches up to their tracks at all the crossings. The Big Four railway was notified to maintain a flagman at the First street crossing. This road formerly had a flagman there, but recently he has been missing. The ordinance on this question was found to be in force.

Dr. Parsons, as chairman of the park board, asked that the Daughters of the American Revolution be granted the right to set out trees in the city park. The privilege was granted. It is said the women will probably plant 150 trees. Dr. Parsons also told the council of the visit of Ernest Walker of the firm of Sandusky and Walker, landscape artists of Cincinnati. Mr. Walker estimated that the park could be improved at a cost of \$3000. The report was received and placed on file.

Marshall Buell appeared before the council and objected to paying the city \$1.25 a yard for 30 yards of gravel. The matter was left to the street and alley committee with power to act. \$1500 was transferred from the general fund to the water and light fund to meet the current expenses which were about \$1400. The resolution for the improvement of

LODGE HOME TO BE DEDICATED

**Plans Laid to Hold Services in Re-
modeled Odd Fellows Building
Tuesday, May 14.**

TO COME FROM OVER COUNTY

**Stucco Finish, Representing Solid
Stone, Will be on in 3 Weeks—
First Meeting Tonight.**

Not many weeks will elapse before the three story building at the corner of Main and Second streets will stand a monument to the thrift and industry of the local Odd Fellows lodge. The repair of the building is gradually being brought to a close in preparation for the dedication which will take place in the lodge room on the third floor, Tuesday, May 14.

The first meeting of the lodge in its new quarters will be held this evening. Odd Fellows are looking forward to the time when they will first convene in the place about which they have dreamed for months. At tonight's meeting the committee will be named for the dedicatory services, and will be announced tomorrow. All of the Odd Fellows in the county will be invited to the dedication of the building.

The interior remodeling was practically finished today. Tomorrow the start will be made on making over the exterior part of the building. A stucco finish will be put on by a Dayton contractor. It is guaranteed to give the appearance of solid stone. This work will be completed in three weeks. Then the building will be one of which Rushville can boast.

Remarkable changes—almost miracles—have been made in the inside of the building. It is as different from the former as is day and night. The second floor is divided off into several suites of modern offices, all of which are arranged to make it very convenient for the renters. A hall runs through the center of the second floor.

The woodwork on the second floor is all dark and the wall decorations are in two shades of brown. The whole building is lighted with electricity, and attractive fixtures have been installed in each room. R. F. Seudder and A. P. Walker have moved their offices to suites on the second floor already, and others are contemplating renting other suites soon, according to an officer of the lodge.

Frank Mellwaine, a member of the lodge designed both the interior and exterior remodeling. The members of the lodge are so well pleased with the result that Mellwaine is receiving compliments for his work almost continually. Members of the lodge can not say too much in praise of Mr. Mellwaine.

The lodge room is an artistic triumph. The variegated colors that are blended together in the decorations give the room a most pleasing appearance. The decorations are all hand work. There are three paintings on the walls. One is to represent the encampment, another the subordinate lodge, and the third the Daughters of the Rebekah. The work was done by an Indianapolis decorator.

The furniture in the lodge room is all solid quartered oak, and the cushions are all of pure leather. This is where Frank Mellwaine got in some more of his handiwork. He designed every piece of furniture in the room. A sort of bench effect with a high back, which is stationary, extends around the sides of the immense room. A number of other movable pieces which are used in the lodge work and by officers, are located in various parts of the room. The furniture was all made by the Pinnell-

Tompkins Lumber Company.

The carpets and draperies were furnished by Kennedy & Casady, and were being placed in order today in preparation for the meeting tonight.

At present the building will continue to be heated by stoves. The Odd Fellows hope some day to install a heating plant, and are now discussing the advisability of such an improvement with the owner.

WHITE PLAGUE WINS AFTER THREE YEARS

**Mrs. Edward Ray Succumbs After a
Losing Battle—Funeral at Ar-
lington Christian Church.**

RELATIVES IN THIS COUNTY

The funeral of Mrs. Anna Ray, wife of Edward Ray, who died at her home near Gwynneville Monday night will be held at the Arlington Christian church tomorrow morning at ten-thirty o'clock, the cortege to leave the house at ten o'clock. Interment will be made in Arlington East Hill cemetery.

Mrs. Ray's death was due to tuberculosis. She was fifty-two years old her last birthday. She had been a sufferer from the white plague for the past three years, but not until the last two months had she given up hope of warding off the terrible disease, which she had fought so valiantly in a losing battle. Mrs. Ray was one of the highly respected women of the Gwynneville community.

The deceased leaves beside her husband five children, two daughters, Marietta, who makes her home with her parents, and Mrs. Lora Walls of near Gwynneville, and three sons, William, Sylvester and Jacob, all residents of Shelby county. Four brothers and one sister also survive, they being Jerry, Albert, Ephraim and William Gordon, all residents of this county, and Mrs. Dora Whiteland of Kentucky.

COMMITTEEMEN TO MEET TONIGHT

**Local Workers in Men and Religion
Forward Movement Will Hear
Reports Tonight.**

MANY PLEASED WITH EXPERTS

A meeting of the executive committee and the chairmen of the various committees of the Men and Religion Forward Movement will meet at the First Presbyterian church this evening to plan for the three day day campaign which will be held here Wednesday, Thursday and Friday, April 17, 18 and 19. The chairmen will report on the progress of the work of their respective committees. Several of them have been making a survey of the city for statistics on their phase of the work, and they will report tonight what they have learned. Some of the committees have not finished their surveys, however.

Much favorable comment has been heard since the announcement of the names of the experts who will be here during the three days campaign. The expression has been common that the men who have been obtained by the local organization will bear comparison with the men who conducted a similar campaign of a week in Indianapolis. Much good is expected to come from the work here.

WEATHER.

Fair weather. Rising temperature tonight and Thursday.

RECEIVE NEWS OF PASTOR'S DEATH

**Mrs. Ed Billings and Mrs. Harley
Wikoff Get Telegram Announc-
ing Uncle's Demise.**

FUNERAL TO BE AT ANDERSON

**The Rev. Joseph Franklin, Formerly
Christian Minister Here Succumbs
at Cleveland.**

The Rev. Joseph Franklin, age seventy-one years, uncle of Mrs. Edward Billings, 226 East Eighth street and Mrs. Harley Wikoff of Fairview, died at the home of his daughter, Mrs. Grace Homan, in Cleveland, O., yesterday. Mrs. Billings and Mrs. Wikoff will go to Anderson tomorrow to attend the funeral which will be held there.

The Rev. Mr. Franklin was at one time pastor of the local Christian church, and of the Christian churches at Plum Creek and Fairview. He was well known here, as is his daughter, Miss Stella Franklin, who is a missionary in India, and who has visited Mrs. Billings here.

The Rev. Mr. Franklin's death was due to paralysis. He had been suffering with that disease for some time. Last May he suffered a stroke and it was thought at that time he would not survive. He was in the act of stepping into a carriage to be taken to the grave of his wife, who died January 10, 1904, when he suffered that stroke.

"The History of the Central Christian Church" of Anderson, compiled by Charles R. Cravens, gives the most authentic information concerning the career of the Rev. Joseph Franklin. He was born near Middletown, Ind., Sept. 13, 1834, and was a son of Mr. and Mrs. Benjamin Franklin, who were buried in West Maplewood cemetery, Anderson.

At the age of twelve young Franklin began work in the office of his father, who published the Western Reformer, which was merged with the Christian Age at Cincinnati. Mr. Franklin, therefore, had early training in printing and publishing, although he turned to the pulpit. He joined the Christian church in 1849, and was baptized by the Rev. D. S. Burnett. Sarah E. VanHook of Covington, Ky., became the wife of Joseph Franklin, when he was only nineteen years old. Twelve children were born; seven survive. They are: Joseph and Stella, missionaries in India; Mildred, living in the West, formerly a missionary in India; Grace, at Cleveland, O.; Arthur and Emmett Franklin in Indiana. Two sons, Walter and Rolla, met violent deaths, one being killed by a railroad train and the other in a factory.

Joseph Franklin began to preach in 1854, touring the northwestern part of Indiana with a colporteur preacher. After teaching school a short time at Oxford, Benton county, the Rev. Mr. Franklin took charge of a Christian church at West Lebanon, in Warren county, but his first real charge, according to Mr. Cravens, was at Lafayette in 1859. Later he resumed teaching school and was for eighteen years a teacher. Eleven years were spent in Anderson. There he organized the first graded normal school.

In 1861 he resumed preaching, taking charge of a church at Covington, Ky., but returned to Anderson in 1862, when Anderson had only 1,800 inhabitants and the Christian church only sixty-five members. Between the years 1862 and 1886, he served intermittently fourteen years as pastor in Anderson. He then moved to Bedford, where he was pastor of the Christian church twelve years. He returned to Anderson in 1904 and

United States Commissioner of Labor Watches the Coal Situation.

© 1912, by American Press Association.

MINERS WILL INSIST ON UNION'S DEMANDS

Recognition the Principal Bone of Contention

Wilkesbarre, Pa., April 3.—The companies will offer an increase of wages. It is said, when the coal miners and operators meet in Philadelphia April 10 to further continue their deliberations. They will make a flat offer of 10 per cent, which will mean that they want and will insist on the abolition of the sliding scale. This would mean a net increase to the men of about 6 per cent. This will be as much as the companies will offer and will be all the men can hope to get without a strike.

Determination of the miners in the anthracite fields to stand for recognition of the union was forcibly demonstrated at a mass meeting of 3,000 men at Nanticoke. These men, who received the name of President Baer of the operators with catcalls and hoots, were plainly asked by William Baxter, national organizer of Iowa, whether they wanted to accept a 10 per cent increase in wages and return to their work without a strike.

Scarcely had the words left his lips before the 3,000 men as one mighty chorus sang out: "We don't want any increase; we want recognition of the union."

The Senate Wants to Know.

Washington, April 3.—The United States senate took official cognizance of the reports that have been circulated recently that Japan is seeking to establish a naval station at Magdalena bay, on the coast of Mexico, when the committee on foreign relations introduced a resolution calling on the president to send to the senate all data possessed by the government referring to the endeavor of Japanese interests to secure control of a strip of land on Magdalena bay. This resolution was immediately passed without discussion.

Drowned While Duck Hunting.

Warsaw, Ind., April 3.—Emil Kuhn, aged twenty-four, and Lester Norris, aged twenty-two, were drowned, and Ward Vanater, twenty-two, had a narrow escape as the result of breaking through the ice when duck hunting.

TERSE TELEGRAMS

William Barnes, jr., has been re-elected chairman of the New York state Republican committee.

In a storm which swept over Camden, N. J., two women were probably fatally injured and 200 houses were either unroofed or demolished.

Charles Brod was killed and Jess Bay and Henry Grosse were fatally wounded by George Winger, a deputy marshal, in a fight at Odin, Ill.

Congress has appropriated \$350,000 to reinforce Mississippi river levees and to combat the floods that are destroying property and menacing lives in that valley.

Two men were killed and four were injured when an Illinois Central engine and caboose, running light, went through a culvert that had been undermined by high water, near Jackson, Tenn.

Senator La Follette carried the state of Wisconsin by a large majority in the presidential preference primary election and will have that state's entire delegation to the national convention.

Federal participation, with an expenditure of \$50,000 in celebrating the fiftieth anniversary of the battle of Gettysburg at the Pennsylvania battlefield, has been assured by passage of an appropriation by the house and previously adopted by the senate.

The establishment of a children's bureau in the department of commerce and labor is assured as the result of the passage by the house of the bill which has already passed the senate empowering the bureau to make inquiries and reports on every phase of child life.

FAIR EXCHANGE

A New Back for an Old One. How It Can be Done in Rushville.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Rushville residents would do well to profit by the following example.

Mrs. Henry Fisher, 307 W. Hendricks street, Shelbyville, Ind., says: "I began taking Doan's Kidney Pills about three years ago. At that time I was suffering from kidney trouble and backache and I felt miserable in every way. I had often heard about Doan's Kidney Pills and I finally procured a supply. The contents of two or three boxes gave me relief and I had no further trouble until recently when my back began to ache. I at once used Doan's Kidney Pills and they relieved me as promptly as before. I have previously endorsed this remedy through the local papers and at this time I gladly confirm all I have previously said in its praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Resolutions of Respect.

The Band of Workers of the First Presbyterian church on the death of Mrs. Minnie Harris.

Whereas, the hand of Providence has removed our sister from the scenes of her temporal labors, and in view of the loss we have sustained and the still greater loss of those nearest and dearest to her. Therefore, be it

Resolved, That in her death our society is bereft of a beautiful and efficient member in the Master's vineyard; her words of cheer and her readiness to aid in the uplift of the gospel of Jesus Christ will ever be cherished by this society.

Resolved, That we bow in submission to the all wise Creator. Knowing that she has passed from this earthly life into that celestial home above, not made with hands, eternal in the heavens, to be ever present with the Savior, whom she loved and honored by her Christian life.

Mrs. W. A. Jones

Mrs. H. P. McGuire

SOLD BY DRUGGISTS EVERYWHERE

DR. G. A. BADING

Coalition Candidate For Mayor of Milwaukee Routed Socialists.

SOCIALISTS FAIL TO HOLD TO MILWAUKEE

"Americans" Snow the Seidel Ticket Under

Milwaukee, Wis., April 3.—Socialism has not been able to stand the test of application in Milwaukee. Mayor Seidel, after two years of control of the city with a huge majority of the city council, has been voted out of office by a majority of 16,000, with practically all of the aldermen and other city officials, a fusion ticket headed by Dr. G. A. Bading, Republican, with J. P. Carney and L. M. Kotecki, Democrats, being the victors by a majority never approached in the history of Milwaukee.

Record Vote Cast.

The city turned out as never before. Two years ago, when Seidel was elected, there were 60,000 votes cast. Tuesday, under the issue of Americanism vs. Socialism, as the fusion ticket forced the issues, there were 80,000 votes cast. The new officers are: Mayor, Dr. G. A. Bading, Republican; treasurer, J. P. Carney, Democrat; controller, L. M. Kotecki, Democrat. The six aldermen-at-large elected for the full term of four years, two elected to fill vacancies and the aldermen from the wards, one from each of the twenty-five wards, are about evenly divided between the Republicans and Democrats.

Other Local Elections.

St. Joseph, Mo.—Democrats were defeated in the city election here by the Republicans.

Kansas City—The Democrats elected Henry L. Jost mayor and all of the eight upper-house aldermen, and thirteen of the lower house.

Chicago—The progressive Democrats swept the city in the aldermanic elections. Of thirty-eight aldermen elected twenty-five are Democrats and eleven Republicans.

Helena, Mont.—Former Mayor R. R. Purcell, Democrat, was elected over Republican and Socialist opposition. Republican aldermen were returned from six out of seven wards.

Springfield, Ill.—The "Republican" ticket supported by R. M. Sullivan, local Lorimer leader, and by Democrats identified with the Roger Sullivan element was defeated by a "citizens" or non-partisan ticket.

Chicago—Many Illinois cities and townships voted upon the local option issue, for and against saloon territory. The dries are jubilant by reason of the fact that they have carried Rockford, transforming that large city for a second time from wet to dry.

FIGHTING IT OUT

Rival Forces in Mexico Contend For Possession of Jiminez.

Jiminez, Mexico, April 3.—Fighting is in progress between the rebel forces under General Campa, composed of 1,000 men with two machine guns and one cannon, and the federal forces under Generals Jose De La Luz Soto and Pancho Villa.

The first shots were fired from the rebel side, and were directed at La Prieta hill, overlooking the city, where 300 of Villa's men were on the lookout.

Villa's men returned the fire and then Campa ordered the shelling of the hill. The shelling was not very effective, however, and Campa ordered two machine guns up to within 1,000 yards of the hill. This caused the defenders to scatter promiscuously.

Campa again began shelling the hill, this time more effectively, and a scattering could be seen among the Maderista adherents. Soto's men had taken very little part in the fight, up to that time, as they were located to the south of the town, but Campa sent a detachment to that point to engage them.

BIGGEST FLOOD EVER RECORDED

The Mississippi and Ohio Pass All Former Marks.

ENORMOUS DAMAGE REPORTED

With Towns All Along Line of High Water Inundated by Flood Waters Bursting Levees, Streams Are Still Rising and the Most Disastrous Overflow in the History of the Mississippi Valley Is Being Predicted.

St. Louis, April 3.—The Mississippi and Ohio rivers at their confluence have reached the highest mark in their greatest flood danger in history. Reports show Hickman, Ky., under twenty feet of water and 3,000 persons without shelter; broken levees at Commerce, in Scott county, Missouri, Hirds Mill, back of Birds Point, Mo.; the entire town of McClure, Ill., under water; New Madrid, Mo., swept away by waters from the Mississippi, and a portion of the city of Memphis itself under six feet of water.

Confirmatory of this fear comes a report from Kansas City, Mo., stating the crest of the flood is passing a foot above the danger mark, which means that the Mississippi will be swollen still further. The Wabash, Illinois and Missouri are also above the flood stages.

The breaking of the river levee at Hickman, Ky., to some extent relieved the strain at Cairo, Ill., and encouraged citizens to hope that the worst is over. Work of building up the levees was renewed with fresh vigor. Half the women of the town have joined in the work of supplying hot coffee and lunches, working day and night in relays, while the men toil on the banks. Panic-stricken citizens have prepared for the worst by moving their household effects to upper stories.

Indiana Village Surrounded.

Mt. Vernon, Ind., reports the village of New Haven, west of there, completely surrounded by water from the Little Wabash river. People are living four and five families in a house in order to shelter homeless farmers from the lowlands.

The railroad blockade at Omaha, Neb., that has been in effect several days because of the flood, has been broken and forty-five through trains, east and west-bound, have passed on their way. The railroads have been feeding 5,000 persons free.

Late messages from Nashville, Tenn., state the flood there is testing the levees to the limit, and that breaks may occur at any moment. In the Cumberland valley untold damage followed the greatest flood in its history. A number of deaths due to the flood have been reported in Tennessee. The train bearing the body of Senator Taylor from Washington to Nashville was detained by flood all day in the mountains of Virginia near the Tennessee line.

Passenger trains have been operated with difficulty out of Cairo, Ill. The Big Four is entirely out of business between Cairo and Mound City, Ill., detouring its trains via the Illinois Central.

Ran into Washout.

Russellville, Ky., April 3.—A Louisville & Nashville passenger train was wrecked by running into a washout near Olmstead. The engine and mail car turned over and the engineer, fireman and mail clerk were injured. None of the passengers was hurt.

ULTIMATE CONSUMER

Has Been Given Better Chance by New Weights and Measures Law.

Albany, N. Y., April 3.—Governor Dix has signed the bill providing that all meat, meat products and butter shall be sold or offered for sale by weight. All other commodities not in containers shall be sold or offered for sale by standard weight, standard measure or numerical count, and such weight, measure or count, shall be marked on a label or a tag attached thereto except that vegetables may be sold by the head or bunch. The net contents of containers must be indicated on the outside.

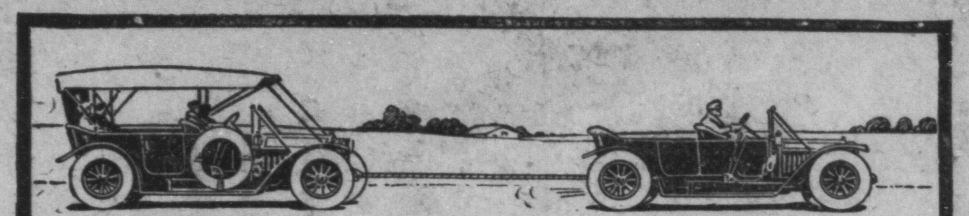

The bill establishes the standard barrel and prescribes that all commodities within reasonable variations must be marked on the outside of the container to show what is offered for sale within.

THOMAS W. BROLLEY

Renominated For State Statistician by Indiana Democratic Convention.

THE TOBACCO TRUST WAS NOT DISSOLVED

This Is Minority View of Senate Committee.

Washington, April 3.—Five senators who are members of the judiciary committee, contending that the alleged dissolution of the American Tobacco company, following the decision of the supreme court in the American company's case did not restore competition and that the decree of the court has really strengthened the grip of the tobacco trust, have joined in a minority report recommending the passage of a bill introduced by Senator Cummins which permits certain independent tobacco trades associations, the attorneys general of several states and the state of Wisconsin to intervene in the United States district court for the southern district of New York and to appeal to the supreme court.

The five senators who joined in the report are Borah of Idaho, Nelson of Minnesota, Brown of Nebraska, Culberson of Texas, and Cummins of Iowa. Their report attracted particular attention because of the high standing in the senate as lawyers of most of the men who signed the minority document.

NOT CREDITED

Sailor's Yarn About Killing Dr. Knabe Doesn't Get Far.

Portsmouth, N. H., April 3.—No credence is placed by the police in the story of Seth Nichols, a former seaman, arrested here for carrying a revolver, that he killed Dr. Helene Knabe in her apartments in Indianapolis on the night of Oct. 23. They regard it as another case of a desire for a free ride west, similar to one they had a year ago, when an imprisoned marine wanted to get to Utica, N. Y., by confessing that he murdered a girl in a cemetery there. They say that on the night Dr. Knabe was murdered Nichols was on board the cruiser Dixie at the New York navy yard, so that it was manifestly impossible for him to have committed the crime.

Nichols is locked up in the Rockingham county jail until the Indianapolis police make an inquiry into his yarn.

Indianapolis Incredulous.

Indianapolis, April 3.—The story told by Seth Nichols, a discharged sailor or arrested in Portsmouth, N. H., who has confessed to the murder of Dr. Helene Knabe in this city last October, is not believed by many persons in this city.

FOLEY'S HONEY AND TAR COMPOUND

FOR ALL COUGHS AND COLDS

FOR CHILDREN AND GROWN PERSONS

Most effective with Croup and Whooping Cough

FOLEY'S HONEY AND TAR COMPOUND is quick and reliable. It stops the cough by promptly healing the cause. Contains no opiates. Is indispensable in a family where there are children.

ST. JOSEPH, MICH.

Mrs. Frank Marti, 417 Church St., says: "Foley's Honey and Tar Compound saved the life of our baby boy. He contracted a severe bronchial trouble and coughed violently and had spells of coughing and gagging and turned black in the face. I always had great faith in Foley's Honey and Tar Compound and started giving it to the child. In a short time he was relieved and finally the cough was entirely stopped and the coughing and gagging spells ceased both- ering him. He got well in a short time, gaining in weight and getting robust. Foley's Honey and Tar Compound has many times saved us trouble and this with the wonderful cure in baby's case shows its great merit. We are never without Foley's Honey and Tar Compound. We always keep it in the house."

CAKE MAKING.

The making of cakes as well as the making of bread has passed through a period of evolution. For the busy housewife who finds it necessary to do the bulk of the work and in most cases all of the household work, besides sewing, it seems expedient that she use the utmost economy of effort in accomplishing her duties. The process of cake making has always been one of much time. During recent years of experiment in our cooking school laboratories, we find that good cake, as good as the old method, may be made with much less expense of time, and materials. When butter is 40 cents a pound it is some comfort to know by actual test that we may have cake on our tables without mortgaging the farm. Except when used warm, cakes that are shortened with lard, snowdrift or other pure and odorless fats cannot be told from those made with butter. It is always necessary to remember that the required amount of salt should be used, otherwise the taste of the cake will be flat, stale and unprofitable.

The amount of shortening to be used depends upon the cake, a half to three-quarters of a cup is sufficient. When using butter the old method was first to give the butter a good creaming until soft and waxy then add the sugar gradually, a process exceedingly slow. Now the up-to-date cook when she is extravagant enough to use butter warms it by gentle heat until it is melted, then adds powdered sugar which costs just a cent more for a cake, and she has a cake which can be compared favorably with any creamed butter cake. The fact that the butter can be melted and the sugar added saves much time in the making.

A portion of cake in a serving is equal to a glass and a half of milk or three eggs in food value, so that cake is not entirely a food accessory, but a real food in the menu.

In melting butter for cake care should be taken that it does not get too hot as butter fat decomposes when heated and is thus less digestible.

Kellie Maxwell.

A PRACTICAL TEST

"Scientists have discovered," remarked the heavy-weight thinker, "that a solution of salt will bring the dead to life."
"Then it's peculiar how many persons lose their lives by swallowing salt water beyond the bathing lines!"

Why He Was Late

"What made you so late?"

"I met Smithson."

"Well, that is no reason why you should be an hour late getting home to supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure that is what he needs." Said by All Dealers.

FIRST APPLICATION DARKENS THE HAIR

A Simple Remedy Gives Color, Strength and Beauty to the Hair.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean wholesome dressing which may be used at any time with perfect safety.

Get a fifty cent bottle from your druggist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All druggists sell it under guarantee that the money will be refunded if you are not satisfied after fair trial.

Special Agents, Hargrove and Mullin,

TELEPHONE NUMBER, 1111.

Wednesday, April 3, 1912.

Taft—Real Revisionist.

The bill revising the wool schedule of the Payne tariff law, which has just been reported to the house of representatives by the Republican members of the house committee on ways and means, marks an epoch in tariff making in the United States. The measure stamps President William H. Taft as the real tariff revisionist in that, through the tariff board for which he fought and had created in the Payne tariff law, congress has had before it, for the first time in history, facts and figures permitting a fair and scientific

revision of a tariff schedule. The bill which the Republicans are now standing for in this congress relating to the wool schedule is based absolutely on the report of the tariff board and fixes an average ad valorem rate on wool, in normal years, of 36.21 per cent, a substantial revision downward.

Another striking feature of the Republican bill is that all the alleged "jokers" or involved rates in former wool schedules have been absolutely eliminated and the ad valorem rates based on the scoured wool and the wool content in all products. One of the chief criticisms of the wool

schedule heretofore has been the products contained partly of wool have been assessed as though they were made entirely of wool. This method of levying tariff dues has been eliminated and the report of the tariff board followed without deviation.

One of the significant facts connected with the new Republican bill is that the so-called Republican insurgents or progressives of the West are looking upon it with great favor. It would not be at all surprising if they supported it, almost to a man. It will be recalled that it was upon the tariff, and particularly upon the wool schedule, that Republicans disagreed when the Payne law was passed. If, through the tariff board, which was won through the personal efforts of President Taft and his friends in congress, this bone of contention of the party shall be overcome on the pending legislation, it will mark another great triumph in the achievements of President Taft.

On June 7 of last year, Representative Oscar Underwood, in his speech supporting H. R. 11019, to reduce the duties on wool and manufactures of wool, exhibiting an ignorance astonishing for the chairman of the committee on ways and means, stated that there was a treasury deficit of \$50,000,000 for that fiscal year. The close of June 30 found a surplus of \$47,234,377.10. Mr. Underwood had read and based his figures in the preparation of the wool bill on the wrong column of the treasury statement. And the Democratic caucus had sworn every Democrat to support a bill based on such a statement. Now, having had the report of the tariff board in his hands for three months, Mr. Underwood brings forth the self-same wool bill, changed but in number, and says that the findings of the tariff board justify his wool bill. That is scientific tariff revision with a vengeance.

AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their action is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25c; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store, Lytle's Drug Store, Corner Third and Main streets.

We are very successful in copying pictures of all kinds, tintypes, daguerotypes, faded pictures, newspaper cuts, etc. Also from enlarged pictures. C. H. WOLF, D18-20 Wt1 Photographer

Pay Telephone Toll

Don't overlook to pay your telephone toll before April 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone.

16t11 W. T. JACKSON, Sec'y.

The Pastor's Aid Society of the Christian church will have a sale of bread and cakes at the office of the Rushville Natural Gas Company in Main street next Saturday, April 6, 1912.

Best by Test—FAIR PROMISE.

Housecleaning and Disinfecting Goods

When you begin to houseclean this Spring, see that you have everything that scientific methods have told us are the best time-savers and labor savers. See that the strength and durability of your housecleaning articles are the very best that the money you give for them can buy. Satisfy your needs here. Many and many a helpful article can be secured at our store. We mean it, just as sure as your housecleaning is a factor and a necessity. Now's the time. Don't think of tackling housecleaning this spring until you have seen our big lines of these goods. Everything you need for light and heavy housecleaning, and each article the best you can buy for the money.

Editorialesettes.

We have been praying for spring—and doubtless you have, too. Besides praying, we did a little hollering. Now look what the darned thing is!

Yisobelle pencils us that she supposes love makes the world go around because all lovers are cranks. Now Yisie, if you keep this up, we'll print your real name.

Of course, there probably will be a little more snow this March we're having this April. We intend to so conduct this Column that none can shie any stones at us for it.

If some men are agreeable because they are too lazy to argue, why are others always ready for a fight?

"Is the Column all you have to go," asked C. P. the other day. Why, bless your heart, no! We have to keep the egg market in shape and grease the press daily.

But this will be about all for today, thank you. We intended to stop about two minutes ago—maybe you have already stopped reading—but just kept on out of habit.

INTERESTING TALK.

K. Bagdasarian, the Armenian who will lecture tonight at the St. Paul Methodist church tonight gave an interesting twenty minutes talk to the high school this afternoon. Bagdasarian has been a student in this country for several years and his lecture deals with the customs of the Turks and of the missionaries sent there.

TWO DIRECTORS NAMED.

Raymond Hargrove and Ben Cox were elected to the board of directors of the Gun and Country club last night to succeed F. M. Sparks and F. R. McManahan. The other directors are Carl Beher, Ralph Payne, Walter Smith, Wilbur Stiers and Will McCoglin. The board selects its own officers.

TO STAGE PLAY.

The Manilla high school will give a three act musical comedy, "Kentucky Belle," Saturday night at the Trees opera house there. The cast includes the best talent in the Manilla high school.

MARRIED IN CLERK'S OFFICE.

Miss Lottie Narvell, daughter of Mr. and Mrs. Thomas Narvell and Leven Conaway, son of George R. Conaway, both of this county, were married in the clerk's office this afternoon by the Rev. V. W. Tevis.

MERCHANTS MEETING.

The regular meeting of the Rushville Retail Merchants Association will be held in the court house tomorrow evening. A good attendance is urged as business of importance is to be considered. This will be the first meeting for the new officers.

PATENTS PRODUCE FORTUNES

The Store That Sells Wooltex Styles

Garments That "Stay New"

One of the reasons why wearers glad to sell Wooltex garments is because their beauty is built into them and stays there.

You know how quickly the average ready-made suit or coat loses its fresh, neat appearance.

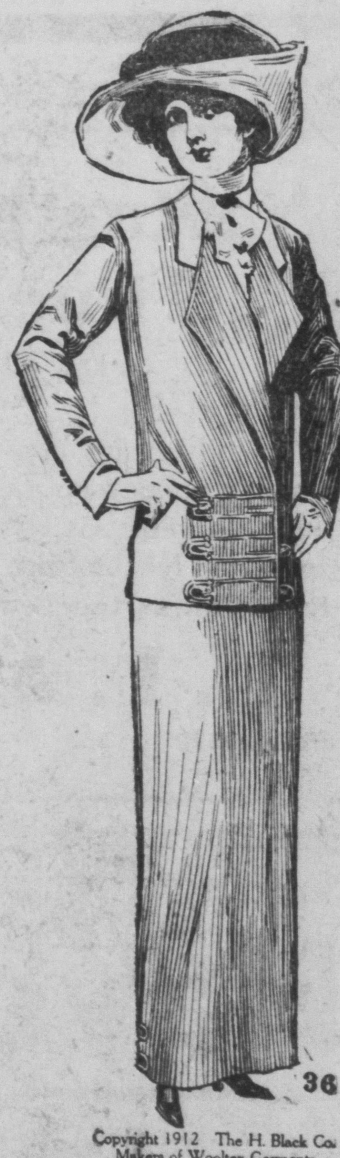

Ready-made garments will not hold their looks like custom-made garments unless they are made like them.

Wooltex tailoring is better than any custom work except the very best—and it is quite as good as that.

As for materials—nothing but pure wool and guaranteed silk.

That's why Wooltex coats, suits, and skirts, as one woman expounded it, "stay new."

As for Wooltex styles—come in and see! The greater your desire for elegance, tastefulness, exclusiveness and distinction, the easier we can please you.

SENSIBLE CUSTOM

Spring Best Time to Renew Blood.

Spring is nature's season for renewing the life of things, and for sweeping away the impurities that have accumulated in the winter.

This custom of taking a remedy for the blood during spring months is based on hard common sense. Vinol, our delicious cod liver and iron preparation without oil, stands far above all other spring medicines in value because it contains the element needed to enrich and purify the blood.

J. A. Thiel of Bronx Borough, N. Y., says "Feeling the need of a good spring medicine to purify my blood and build up my strength I started using Vinol in April. It has done me so much good in every way that I believe it is in all respects just as valuable a remedy as you claim."

We guarantee that Vinol will build up and strength all weakened, run-down persons. Try Vinol—we will give back your money if it does not satisfy you perfectly. F. B. Johnson & Co., druggists, Rushville, Ind.

Beautiful Glossy Hair

Follows the use of Mrs. Mason's Old English Shampoo Cream. A tonic, cleansing and invigorating head wash, famous in New York and London—absolutely safe to use. F. B. Johnson, and other druggists. 25c. a tube.

NEW PALACE TONIGHT

"A RACE FOR A BRIDE,"—[BISON]

"BROKE or HOW TIMOTHY ESCAPED,"—[IMP]

LOOK FOR THE RED FRONT ON SECOND STREET

Mr. and Mrs. Campbell were seated at one long table in the club rooms when the dinner was served. Will M. Sparks gave a very happy toast on "Old Friends" which suited the occasion so well that the guests were impressed very much. Following Judge Sparks' very appropriate little talk, the Misses Lucy Posey and Norma Smith sang "Auld Lang Syne," which, also, was in keeping with the spirit of the gathering. The remainder of the evening, following the dinner, was enjoyed by dancing and playing cards.

The reception was as pleasing and enjoyable as could be. The air breathed of good fellowship and harked back to the early days of Rushville when they were all boys and girls, and playmates too, right here. The days that used to be—the happiness of those times—were recalled over and over again as the guests chatted of bygone times and the triumphs and sorrow, the disappointments and achievements of yesterday.

Mrs. Harriet Bliss of Indianapolis was the only guest from out of the city besides Mr. and Mrs. Campbell.

LOCAL NEWS

Bert Conde and family have moved to 324 East Tenth street.

H. F. Gregg and family have moved from East Ninth street to 604 East Eighth street.

Indeed he knew that he was glad Enid Maitland had come into his life. No life is complete until it is touched by that divine fire which for lack of another name we call love. Because we can experience that sensation we are said to be made in God's image. The image is blurred as the animal predominates, it is clearer as the spiritual has the ascendancy.

The man raved in his mind. White faced, stern, he walked up and down he tossed his arms about him, he stopped, his eyes closed, he threw his hands up toward God, his heart cried out under the lacerations of the blows inflicted upon it. No flagellant of old ever trembled beneath the body lash as he under the spiritual punishment. He prayed that he might die at the same moment that he longed to live. He grappled blindly for solutions of the problem that would leave him with untarnished honor and undiminished self respect and fidelity, and yet give him this woman, and in vain. He strove to find a way to reconcile the past with the present, realizing as he did so the futility of such a proposition. One or the other must be supreme, he must inexorably hold to his ideas and his ideals, or he must inevitably take the woman.

How frightful was the battle that raged within his bosom! Sometimes in his despair he thought that he would have been glad if he and she had gone down together in the dark waters before all this came upon him.

The floods of which the heavens had emptied themselves had borne her to him. Oh if they had only swept him out of life with its trouble, its trials, its anxieties, its obligations, its impossibilities. If they had gone together! And then he knew that he was glad even for the torture, because he had seen her, because he had loved her, and because she had loved him.

He marveled at himself curiously, and in a detached way. There was a woman who loved him, who had confessed it boldly and innocently, there was none to say him nay. The woman who stood between had been dead five years. The world knew nothing, cared nothing; they could go out together; he could take her, she would come. On the impulse he turned and ran to the door and beat upon it. Her voice bade him enter, and he came in.

Her heart yearned to him. She was shocked, appalled at the torture she saw upon his face. Had he been laid upon the rack, and every joint pulled from its sockets, he could not have been more white and agonized.

"I give up," he cried. "What are honor and self respect to me? I want you. I have put the past behind. You love me, and I, I am yours with every fiber of my being. Great God! Let us cast aside these foolish quixotic scruples that have kept us apart. If a man's thoughts declare his guilt, I am already disloyal to the other woman; deeply, entirely so. I have betrayed her, shamed her, abandoned her. Let me have some reward for what I have gone through. You love me; come to me."

"No," answered the woman, and no task ever laid upon her had been harder than that. "I do love you. I will not deny it. Every part of me responds to your appeal. I should be so happy that I cannot even think of it, if I could put my hand in your own, if I

self respect and mine, would interpose. If I can't have you with a clear conscience, if you can't come to me in the same way, we are better apart. Although it kills me, although life without you seems nothing, I would rather not live it, we are better apart. I can't be your wife until—"

"Until what and until when?" demanded Newbold.

"I don't know," said the woman, "but I believe that somewhere, somehow, we shall find a way out of our difficulty. There is a way," she said a little incautiously. "I know it."

"Show it to me."

"No, I cannot."

"What prevents?"

The same thing which prevents you: honor, loyalty."

"To a man?"

"To a woman."

"I do not understand."

"No, but you will some day." She smiled at him. "See," she said, "through my tears I can smile at you, though my heart is breaking. I know that in God's good time this will work itself out."

"I can't wait for God. I want you now," persisted the other.

"Hush, don't say that," answered the woman, for a moment laying her hand on his lips. "But I forgive you. I know how you suffer."

The man could say nothing, do nothing. He stared at her a moment and his hand went to his throat as if he were choking.

"Unworthy," he said hoarsely, "unworthy of the past, unworthy of the present, unworthy of the future. May God forgive me, I never can."

"He will forgive you, never fear," answered Enid gently.

"And you?" asked her lover. "I have ruined your life."

"No, you have ennobled it. Let nothing ever make you forget that. Wherever you are and whatever you do, and whatever you may have been, I love you, and I shall love you to the end. Now you must go, it is so late, I can't stand any more. I throw myself on your mercy again, I grow weaker and weaker before you; as you are a man, as you are stronger, save me from myself. If you were to take me again in your arms," she went on steadily, "I know not how I could drive you back. For God's sake, if you love me—"

That was the hardest thing he had ever done, to turn and go out of the room, out of her sight, and leave her standing there with eyes shining, with pulses throbbing, with breath coming fast, with bosom panting. Once more, and at a touch she might have yielded!

CHAPTER XIX.

The Challenge of the Range.

Mr. James Armstrong sat at his desk before the west window in his private room in one of the tallest buildings in Denver. His suite of offices was situated on one of the top floors, and from it he had a clear and unobstructed view of the mighty range over the intervening house tops and other buildings. The earth was covered with snow. It had fallen steadily through the night, but with the dawn the air had cleared and the sun had come out brightly, although it was very cold.

Letters, papers, documents, the demands of a business extensive and varied, were left unnoticed. He sat with his elbow on the desk, his head on his hand, looking moodily at the range. In the month that had elapsed since he had received news of Enid Maitland's disappearance he had sat often in that way, in that place, staring at the range, a prey to most despondent

She Stood With Her Hand Still on His Breast.

could lay my head upon your shoulder, if I could feel your heart beat against mine, if I could give myself up to you, I would be so glad, so glad. But it cannot be, not now."

"Why not?" pleaded the man.

He was by her side, his arm went around her. She did not resist physically, it would have been useless. She only laid her slender hand upon his broad breast and threw her head back and looked at him.

"See," she said, "how helpless I am, how weak in your hands. Every voice in my heart bids me give way. If you insist I can deny you nothing. I am helpless, alone, but it must not be. I know you better than you know yourself. You will not take advantage of affection so unbounded, of weakness so pitiable."

Was it the wisdom of calculation, or was it the wisdom of instinct by which she chose her course? Resistance would have been unavailing, in weakness was her strength.

Blessed are the meek, for they shall inherit the earth! Yes, that was true. She knew it now, if never before, and so did he.

Slowly the man released her. She did not even then draw away from him. She stood with her hand still on his breast. She could feel the beating of his heart beneath her fingers.

"I am right," she said softly. "It kills me to deny you anything. My heart yearns toward you. Why should I deny it? It is my glory, not my shame."

"There is nothing above love like ours," he pleaded, wondering what marvelous mastery she exercised that she stopped him by a hand's touch, a whispered word, a faith.

"No; love is life, love is God, but even God himself is under obligations of righteousness. For me to come to you now, to marry you now, to be your wife, would be unholy. There would not be that perfect confidence between us that must endure in that revelation. Your honor and mine, your

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.

For rheumatism you find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by All Dealers.

The Car You Will be Proud to Own

Here is the stylish, roomy Maxwell Mascotte—the first real family car for less than \$1000.

Maxwell Mascotte is the ideal "American Family Car"—the car that meets a great popular demand. The Maxwell Mascotte is the ideal car for the particular man of limited income who has long wanted an automobile of sufficient size—stylish appearance—and perfect efficiency—at a price under \$1000.

It has been close figuring, but great purchasing power, unequalled manufacturing facilities, and quantity production of the

U. S. Motor Co. make it possible. Compare the Maxwell with any other car selling within \$200 of its price. In every way it is a car you will be proud to own.

The same Maxwell Reliability, Durability and 100 per cent Efficiency that won such a complete victory in the Glidden Tour are embodied in this Maxwell.

The Mascotte model bristles with new features, all of which add to the comfort and satisfaction of the buyer.

American Touring Champion

\$980 f. o. b. Factory
(Top extra)

Maxwell Mascotte \$980

No contest ever held in this country has furnished such a practical test of automobile efficiency—such a standard for comparison of automobile values—as has the recent Glidden Tour.

Throughout this 1454-mile journey through mud and sand, over swollen streams and storm-swept mountains, the Maxwell team was on time every day, and was the only one to finish with a perfect score. The Maxwell team made a clean sweep—won all the trophies—all the prize money in its class—established 100 per cent efficiency at all times.

Maxwell is the lowest priced car to ever win a Glidden Tour, yet it broke all Glid-

den records in the hardest Glidden Tour ever run—and defeated \$2000, \$3000, \$4000 and \$6000 cars.

The Glidden Tour furnished the most complete proof of the unequalled service a Maxwell car will give you,—and shows how the Maxwell has earned the significant title "American Touring Champion."

We will gladly give you a demonstration of the Maxwell Mascotte at any time. We want you and your family to see the Mascotte—ride in it—realize its remarkable value.

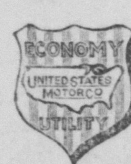

When you come in, ask for "The Story of the Glidden Tour," "How to Judge an Automobile" and the Advance 1912 Catalog. If you cannot come today, write for these valuable booklets.

reflections, heavy hearted and disconsolate indeed.

After that memorable interview with Mr. Stephen Maitland in Philadelphia he had deemed it proper to await there the arrival of Mr. Robert Maitland. A brief interview with that distracted gentleman had put him in possession of all the facts in the case. As Robert Maitland had said, after presentation of the tragic story, the situation was quite hopeless. Even Armstrong reluctantly admitted that her uncle and old Kirkby had done everything that was possible for the rescue or discovery of the girl.

Therefore the two despondent gentlemen had shortly after returned to their western homes, Robert Maitland in this instance being accompanied by his brother Stephen. The latter never knew how much his daughter had been to him until this evil fate had befallen her. Robert Maitland had promised to inaugurate a thorough and extensive search to solve the mystery of her death, which he felt was certain, in the spring, when the weather permitted humanity to have free course through the mountains.

Mr. Stephen Maitland found a certain melancholy satisfaction in being at least near the place where neither he nor any one had any doubt his daughter's remains lay hid beneath the snow or ice on the mountains in the freezing cold. Robert Maitland had no other idea than that Enid's body was in the lake. He intended to drain it—an engineering task of no great difficulty—and yet he intended, also, to search the hills for miles on either side of the main stream down which she had gone, for she might possibly have strayed away and died of starvation and exposure, rather than drowning. At any rate, he would leave nothing undone to discover her.

SEED CORN NOT UP TO STANDARD

Movement to Correct Difficulty Confronting Farmers.

A CORN IMPROVEMENT TRAIN

Trip Over the Lines of the Nickel Plate in Indiana Will Carry Purdue Lecturers Who Will Seek to Impress Upon Farmers the Importance of Giving Great Care to Their Seed Corn This Spring.

Lafayette, Ind., April 3.—The seed corn situation in Indiana is bad, and realizing the need for improved methods, the Nickel Plate railroad has decided to operate a corn improvement lecture train over its lines in Indiana tomorrow and Friday. The object of this train will be to give information on all phases of corn growing, selecting and testing of seed corn, preparation of the seed bed, rotation of crops, fertilization of the ground, cultivation of the crop, etc.

"During the last two weeks trains have been operated over three other lines in Indiana," said Professor G. I. Christie, superintendent of agricultural extension. "It has been found that the seed corn situation is, indeed, a serious one. It is necessary that farmers give the greatest care to their seed corn this spring, in order that good seed may be secured."

Information on how best to do this will be given by the lecturers accompanying the improvement train and in the literature to be distributed.

TO INVESTIGATE VICE

Social Service Commission Created at Terre Haute by City Council.

Terre Haute, Ind., April 3.—The city council has created a social service commission and directed the board of safety to give its members police powers. The commission was created notwithstanding the fact that the committee on public morals, the mayor, the board of safety and the city attorney were opposed to it. The city attorney said the council was not officially authorized by the statutes to create such offices. The board of safety was against the proposition because the city attorney said it was illegal, but it did not take the council long to dispose of the matter.

The social service commission is the result of a meeting of one hundred representative men and women of the city, at which vice conditions were discussed. The commission will make a thorough investigation of vice in Terre Haute.

A NEW GAME

Smooth Stranger Depletes Contractor's Bank Roll by Fake Telegram.

Bedford, Ind., April 3.—A forged telegram and a smooth stranger were responsible for a clever swindling scheme worked on the Citizens National bank of this city, and the American Express company at Borden. The bank received a telegram bearing the signature of J. A. Coleman, a well-known contractor, asking that \$600 be sent to him at Borden. He requested that the money be shipped by the American Express company.

The bank did not hesitate to comply with the request, and wired Mr. Coleman accordingly. The answer was received by the stranger, who had forged Coleman's name to the original telegram, and he was at the express office when the package arrived. He showed the agent the telegram, got the money and disappeared.

Their Plea Prevailed.

Anderson, Ind., April 3.—George Brauner, aged forty-two, and George Edwards, aged thirty-three, strangers, who represented they were recently employed at Indianapolis, have been convicted of petit larceny in this city and sentenced to one to eight years in prison. They pleaded with the court to permit them to submit some references as to their former conduct. Pending such information Judge Bagot is withholding judgment on the sentences.

Enters on Life Sentence.

Muncie, Ind., April 3.—Charles McGalliard of this city, recently convicted of the murder of Alta Hayworth, his sweetheart, has been taken to the penitentiary at Michigan City to begin his sentence. A life term was given him and a motion for a new trial was overruled. He confessed to the crime.

Victim of Mysterious Assault.

Laporte, Ind., April 3.—Fighting for life, John Flynn lies in a hospital here a victim of a mysterious attack. Flynn was found unconscious in the street with both sides of his lower jaws broken and his left eye mutilated. The police are investigating. Flynn cannot explain the attack.

Killed by Traction Car.

Evansville, Ind., April 3.—Joseph Bradley, aged thirty, was struck by a passenger car on the Evansville & Rockport traction line, near Rockport, and instantly killed. He had evidently fallen in a stupor on the tracks. The body was badly mutilated.

MURDERS DUE TO FANATICAL BAND

Colored "Sacrifice Sect" Deliberately Slays Seventeen.

MOST AMAZING CONFESSION

Without Any Evident Appreciation of the Awfulness of Her Bloody Work, Louisiana Negress Calmly Tells the Officers How She Secured the Human Blood Needful For Voodoo Band's Dreadful Ritual.

Lafayette, La., April 3.—Clementine Barnabet, a negress under arrest here, has, in a most amazing confession, cleared the mystery that has surrounded the murders of seventeen negroes in western Louisiana and has given clues which are expected to fix the guilt for eighteen others in this state and Texas, which have been charged to the mysterious "ax man."

Calmly and without any evident appreciation of the awfulness of her bloody work, the negress related in detail how she slew each family, the methods she pursued in escaping detection, and the aid she had in carrying out her plans. Yet, while Clementine was willing to tell her own part in these crimes freely, she has evaded every effort of the authorities to learn the other members of the fanatical band who assisted her in some of the crimes she committed and who are believed to be responsible for the other murders at Lake Charles and in Texas.

She declared that she killed the four members of the Randall family, who met death here last November, four members of the Andrus family, who were killed her a year ago last February; five negroes at Rayne, and four negroes at Croatley. The other victims at Lake Charles and in Texas, who were killed since her arrest, were slain in exactly the same manner, and the authorities think that they were the victims of the unnamed members of the band of fanatics that aided her in part of her bloody work.

Throughout the succession of murders the theory of the authorities has been that all of the negroes who have been killed were the victims of one band of fanatics, or of one individual fanatic, and that they were members of the "Church of Sacrifice." This is a mysterious negro sect that is said to believe in the sacrifice of human lives as a means of securing immortality. The theory is in part borne out by the confession of the woman, though the authorities believe that she was driven to her bloody work through the interpretation she placed on the exhortations of some preacher of the "sacrifice sect."

Before engaging in any of these crimes Clementine armed herself with a "voodoo" which she got from a preacher, and which she and other members of her band were assured would protect them from the law.

A peculiar feature of the case is that Raymond Barnabet, her father, was convicted of the murder of the Andrus family, she being the chief witness against him. Raymond was sentenced to be hanged, but has been granted a new trial. She now declares that her father is entirely innocent of the crime.

COLORED EXPOSITION

American Negroes Will Celebrate Emancipation Semi-Centennial.

Washington, April 3.—The senate has passed Senator Root's bill providing for the celebration of the semi-centennial of the emancipation proclamation by an exposition to be held in 1913. The sum of \$250,000 is appropriated for the exposition, to be expended under the direction of the secretary of the treasury.

The semi-centennial emancipation exposition company has been incorporated under the laws of the state of Georgia for the purpose of holding the exposition, which is to be illustrative of the history, progress and present condition of the negroes.

Quick on the Trigger.

Belgrade, April 3.—Colonel Missitch, who was one of the men accused in the assassination of the late king and queen, and who is now a member of parliament and conspicuous in his opposition to the government, shot three persons at a political meeting at Bachova. The colonel was making a political speech and upon being questioned, drew his revolver and fired a number of shots. Instead of arresting him for the shooting, the police smuggled the colonel out of town.

The Pessimistic Senor Diaz.

Madrid, April 3.—King Alfonso granted an audience of half an hour to General Diaz, former president of Mexico. The latter in talks with friends is pessimistic as to the outlook in Mexico. He said: "The world can see now that I was no tyrant, but a severe governor, who realized that an iron hand would alone keep Mexico prosperous and peaceful."

Taft Won in Thirteenth.

Warsaw, Ind., April 3.—By a vote of 71 1/2 to 70 1/2 the Taft forces beat the Roosevelt followers in the district convention here and named two more delegates to Taft's list in Indiana.

WILL FIX A DATE FOR CONVENTION

Linus P. Meredith Will Call Republican County Chairmen Together in Short Time.

AFTER STATE DATE IS NAMED

District Chairman Denies he Worked

For Delegates to any Convention This Year.

In a statement made today, Linus Meredith, Sixth district Republican chairman emphatically denied allegations to the effect that he had made any effort to secure delegates to any Republican convention which has been held this year, says the Richmond Palladium.

"I'm going to smash the face of the next person who accuses me of working for delegates to any convention," said the Sixth district chairman today. "I don't give a rap who is nominated president, governor, or congressman, or who is nominated to any other office."

However, Meredith admitted that he had "worked" in the First ward in order to defeat the Roosevelt candidate for delegate to the district convention. He explained that his action in the First ward was brought about by personal feeling.

Chairman Meredith has not received information as to when the State committee will be called together to set a date for the State convention at which time a State platform is to be adopted and nominations are to be made for State offices. He says as soon as this meeting is over he will call a meeting of the county chairman of the Sixth district in order to settle the date and name the place for the holding of the congressional convention.

Meredith believes that the State convention probably will be held July 4 or 5.

Local influential politicians who are well versed with Indiana politics are talking of prospective candidates for the Republican nomination for governor. A large number believe that Hugh Th. Miller, former lieutenant governor, and who was a candidate for the gubernatorial nomination four years ago, will again be a candidate. Other names mentioned are those of John L. Griffith, consul-general to London, and Will Taylor, a prominent Indianapolis attorney.

COUNCIL HOLDS TAME SESSION

Continued from page one.

Hannah street was adopted.

Mayor Black stated that of late he had received many complaints about people keeping hogs within the city limits and asked the city attorney to look up the ordinance. It was point-

went to Alexandria in 1909.

The Franklin family homestead for several years was on a small farm, which became an addition to Anderson. This addition was named Franklin and it has a Franklin street. The last residence of the Franklin family in Franklin street was just prior to the removal to Alexandria.

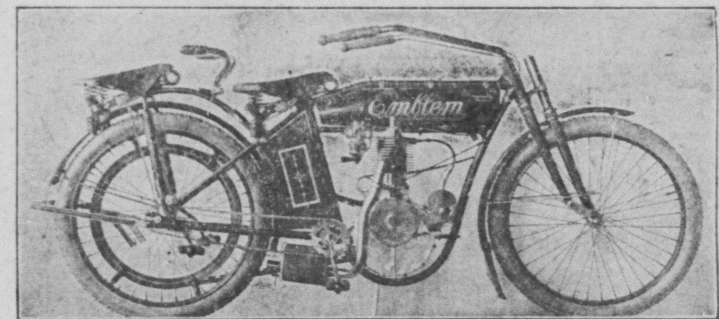

In recent years the Rev. Joseph Franklin compiled an autobiography of the Franklin family. After tracing his ancestry back to 1855, Mr. Franklin by penmanship that suggested copper plate engraving, made a condensed review of his research.
